

**OUR PROMISE**

We use only the highest quality materials and hardware to insure that you are purchasing a superior product that will assemble easily, remain stable, and look great for years.

THE **Versa-III**  
RACKING SYSTEM

Still the best looking studio racks on the market! We have redesigned these great racks to give you even more versatility and improved stability

The NEW, Single and Double bay "Rack kits" give you the ability to assemble the rack straight up, or angled. Every rack includes a complete "Base Kit" that has all of the components that you will need.

Add the Caster Pak for mobility, and choose he accessories to make it fit your studio perfectly.
